

Oceanography, a view of earth, Meredith Grant Gross, Elizabeth R. Gross, Prentice Hall, 1996, 0132317885, 9780132317887, 472 pages. This outstanding overview, like its predecessors, introduces reader to the ocean's complex systems and their impact on our lives and futures. As an underlying theme, the author explains science as a process of continual inquiry and open testing of ideas. The Seventh Edition reflects the most recent advances and developments in ocean and other earth sciences..
